PRESS NOTICE

SYNDICATED RE-OPENING OF 0 $\frac{1}{8}$ % INDEX-LINKED TREASURY GILT 2065 IN THE WEEK COMMENCING 25 JULY 2016

The UK Debt Management Office (DMO) is announcing today that the third syndication of the 2016-17 programme, a re-opening of 0 $\frac{1}{8}$ % Index-linked Treasury Gilt 2065, is expected to take place in the week commencing 25 July 2016, subject to market conditions.

Further details of the sale, including the composition of the syndicate, will be announced in due course.

Notes for editors

The DMO's financing remit for 2016-17, published alongside the Budget on 16 March 2016, included the provision for a programme of syndicated offerings to be held in 2016-17 aiming to raise a minimum of £25.5 billion (split £16.0 billion index-linked gilts and £9.5 billion long conventional gilts). The DMO envisages holding six syndicated offerings (four of index-linked gilts and two of long conventional gilts).

The DMO also announced on 16 March 2016 that any type and maturity of gilt can be sold through syndication. However, the DMO's current planning assumption is that the syndication programme in 2016-17 will largely be used to launch new long conventional and index-linked gilts and/or for re-openings of high duration gilts.

The size of the syndication programme can be increased in-year via accessing an initially unallocated portion of issuance, which can be used to issue any type or maturity of gilt via any issuance method. The initial size of the unallocated portion of issuance was £8.0 billion.

Given the strength and quality of demand received at the syndication of 0 $\frac{1}{8}$ % Index-linked Treasury Gilt 2046 on 24 May, £0.5 billion of the unallocated portion was allocated to the index-linked gilt syndication programme, increasing the size of that programme to £16.5 billion.

On 31 May 2016 the DMO announced that it envisaged holding a syndicated re-opening of 0½% Index-linked Treasury Gilt 2065 in the second half of July 2016, subject to market and demand conditions.

Two syndications have been held to date in 2016-17; the results are summarised in the table below.

Date	Gilt	Size (£mn nom)	Issue Price (£)	Issue Yield (%)	Proceeds (£mn cash)
26 Apr 2016	2½% Treasury Gilt 2065	4,750	106.164	2.291	5,033
24 May 2016	0½% Index-linked Treasury Gilt 2046	3,500	131.617	-0.810	4,655
